After graduation, Henry joined Sense Corp (now CGI) in Austin, TX as a management consultant and is excited to learn from their expertise and unique culture. Before consulting, Henry interned with an education non-profit called ReadWorks, in Corporate Finance with Southwest Airlines, and in neuro-marketing with a start-up called Marketing Brainology. Someday, Henry hopes to start an experimental school to create a more inclusive and engaging learning environment for all students. Henry has enjoyed some of the best public schools throughout his education and wants to help provide everyone the same opportunities.
